RE: ADVERTISING & SPONSORSHIP PROGRAM

Dear Advertising Partner,

Without a doubt, the past few years have come with some unique challenges for all business owners. Through these unprecedented times our number one priority has remained to provide the best experience and services possible to our Valued Customers. We are now offering Local Businesses the opportunity to be a part of this experience, and in return generate more exposure for everyone.

Meadowlands Golf Club is a Family-Friendly, 18-Hole Golf Facility, that caters to around 28,000 to 32,000 golfers every season. This includes the general public, our valued membership and many events which consist of participants from all over Alberta. These events range from large corporate companies, small local businesses, and family reunions, which is a huge range of exposure for any of our Advertising or Sponsorship Partners.

Meadowlands Golf Club is improving every year in terms of brand recognition, revenue, number of rounds, memberships, and event bookings. Through our new Advertising and Sponsorship Program, we are offering many unique opportunities for businesses like yours to gain exposure in our local market.

Benefits of being one of our Advertising or Sponsorship Partners include:

- There are customers you have yet to reach. Gain exposure to these new customers.
- Increase your brand awareness in our local area.
- Position your business as an industry leader.
- The opportunity to interact with and offer something new to your customers.
- The opportunity to leverage golf privileges for yourself, clients, and staff.

Meadowlands Golf Club will work with you to design a unique Advertising or Sponsorship Package that will enhance your corporate and community profile, which will help give you that edge in your specific industry.

Thank-You for your time! If you think any of these Advertising or Sponsorship opportunities will benefit your business, please contact our team, as we are excited to partner with you.

Sincerely,

Dean Dereniuk
